

Astronaut Neil Armstrong once said landing on the moon was "one small step for man." The biggest adventures can start in such a simple way - especially when it comes to space! Asteroids, distant planets, and brand new galaxies await us once we leave earth's atmosphere. Being the first to explore uncharted territory can be intimidating.

In this series, we'll take a look at the book of Acts to learn from the first Christians. Through their stories of faith, kids will learn how to take the first steps of believing in Jesus, telling others about Jesus, and an even bigger step of trusting that the Holy Spirit makes us brave!
